JULIAN MERCER

WAREHOUSE WORKER

San Francisco, CA | (415) 555-0148 | julian.mercer@email.com | linkedin.com/in/julianmercer

PROFESSIONAL SUMMARY

Warehouse Worker with 4 years in fulfillment centers handling picking, packing, and receiving. Meets rate goals with high accuracy, works safely, and is cross-trained across inbound, outbound, and inventory control. Dependable on early and late shifts and steady under peak volume.

PROFESSIONAL EXPERIENCE

Warehouse Associate Aug 2023 - Present
Amazon, Tracy, CA

- Pick and pack about 1,100 units per shift at a rate above 105% of goal, with an accuracy rate near 99.7%.
- Maintain the pack station by restocking supplies and removing damaged boxes, keeping the lane clear during rate checks.
- Cross-trained in stow, pick, pack, and problem solve, which let leads cover absences without cutting rates.
- Completed a process improvement suggestion that moved totes closer to the pack station and cut walking time on the shift.
- Completed safety observations each week and cleared hazards, contributing to a 12-month injury-free record for the team.

Receiving Associate Mar 2022 - Jul 2023
Walmart Distribution Center, Tracy, CA

- Unloaded and verified 40 to 60 pallets per shift against bills of lading, flagging damaged freight within the hour.
- Used a pallet jack and a handheld scanner to stage returns, clearing the dock by the end of each shift.
- Attended weekly safety meetings and helped complete the dock safety checklist.
- Scanned inbound stock into the warehouse system so it was available to pickers within two hours of arrival.
- Reported damaged and short shipments with photos the same shift, and about 95% were credited by the carrier.

Stock Associate Jun 2021 - Feb 2022
Costco Wholesale, Stockton, CA

- Restocked shelves overnight from pallets, replenishing about 300 items per shift without missed opening times.
- Helped with inventory counts twice a year, with count variances under 1% in my aisles.
- Rotated product by date to follow first-in-first-out and reduce expired inventory.

Material Handler Jun 2019 - May 2021
FedEx Ground, Stockton, CA

- Sorted about 900 packages an hour on the belt and scanned them to the correct trailer, keeping misloads below 0.3%.
- Loaded trailers to carrier-specified density, helping departures leave on schedule.
- Learned the damage-claim process and flagged crushed boxes to the supervisor before shipment.

CORE SKILLS

Order picking | Packing and labeling | Receiving and put-away | Inventory scanning | Warehouse management systems | Pallet building | Safety procedures | Cycle counting | Cross-training | Teamwork | Pace and accuracy | Manual material handling

EDUCATION

High School Diploma with Logistics Coursework, San Joaquin Delta College, Stockton, CA
